

LOUISIANA WILD LIFE AND FISHERIES COMMISSION

NEW ORLEANS, LOUISIANA

AGENDA

JULY 29, 1969

1. Approval of the minutes of the meetings of April 28 and 29, 1969. (-Pg.2)

DR. ST. AMANT

2. Request for amendment of present permit held by La. Materials Company, Inc., covering sand and/or fill material to be taken from the Mississippi River. (-Pg.2)
3. Approval of possible opening of a shrimp area near Bird Island. (-Pg.3)
4. Appointment of Shrimp Committee. (-Pg.5)

MR. YANCEY

5. Catahoula Lake water level management plan and water control structure site. (-Pg.5)
6. Commission recommendations on waterfowl seasons and bag limits to the U. S. Fish and Wildlife Service. (-Pg.9)

MR. JOE HERRING

7. Acceptance of the completion of camping area on the Saline Wildlife Management Area, as constructed by Edgar Williams. (Pg.11)
8. Lease agreement with Calcasieu Parish School Board for land in the Sabine Island W. M. A. (Pg.12)
9. Setting of the 1969-70 Resident Game Hunting Seasons. (Pg.14)
10. OTHER BUSINESS.

LOUISIANA WILD LIFE AND FISHERIES COMMISSION

NEW ORLEANS, LOUISIANA

July 29, 1969

The regular monthly meeting of the Louisiana Wild Life and Fisheries Commission were held in New Orleans, Louisiana on Monday and Tuesday, July 28 and 29, 1969.

Monday's meeting consisted of conferences with the Division Chiefs and the preparation of the agenda for the Tuesday meeting. Monday's meeting was an informal session, held in the Director's Office at 2:00 P.M.

The public formal meeting was held on Tuesday, July 29, 1969, at 10:00 A.M., in Room 226 of the Louisiana Wild Life and Fisheries Commission Building.

Members present at both meetings were:

Jerry G. Jones, Chairman
H. Clay Wright, Vice-Chairman
Clarence A. Guidry
John Edwin Kyle, Jr.
Hobson Norris
Jimmie Thompson
James L. Winfree

Absent: None

Chairman Jones called the meeting to order at 10:00 A.M. by stating that the first item on the agenda was the approval of the minutes of the previous Commission meetings as held in April.

On motion of Mr. Thompson, seconded by Mr. Norris, and unanimously adopted, the reading of the minutes of the meetings of the Louisiana Wild Life and Fisheries Commission held on April 28 and 29, 1969, were dispensed with and approved as previously submitted to the Commission.

Chairman Jones then recognized Dr. Lyle St. Amant to explain the next item on the agenda.

Dr. St. Amant stated that the Commission received a request from Louisiana Materials Company, Inc., for a dredging permit for sand and/or fill material in the Mississippi River to be amended to include the area of Mile Post 70 to Mile Post 75. Dr. St. Amant said that the request had been examined and found to be in order as said company had met all requirements as set forth by the Commission; therefore, he recommended Commission Approval on said request.

On motion of Mr. Winfree, seconded by Mr. Kyle, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Materials Company, Inc., was previously granted a permit by the Louisiana Wild Life and

Fisheries Commission to take sand and/or fill material from the Mississippi River between mile post 75 to 89, Mile Post 105 to 120 and Mile Post 123 to 126, and

WHEREAS, said company has requested an addendum to the aforementioned permit.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby grant permission for the issuance of an addendum to the Louisiana Matierals Company permit presently held for dredging sand and/ or fill material from the Mississippi River to include Mile Post 70 to Mile Post 75. The original permit in question was issued by the Louisiana Wild Life and Fisheries Commission to the Louisiana Materials Company in April 1969.

BE IT FURTHER RESOLVED that the Director be and he is hereby authorized and empowered to sign any and all documents in connection therewith.

Dr. St. Amant continued by telling the Commission of the Plaquemines Parish Commission Council request, dated July 17, 1969, for an investigation of the feasibility of opening an area north of the Bird Island-Breton Island line for shrimping. He stated the Commission personnel ran a series of samples in the specified area. Dr. St. Amant then stated that it appeared that the brown shrimp were of good size and that the brown shrimp could be harvested without

jeopardizing the white shrimp production when the white season opens on the third Monday in August - August 18th. Dr. St. Amant then requested Commission approval for this designated area to be open to the taking of brown shrimp in view of the aforementioned facts and in accordance with the provisions of Act No. 60 of the 1969 fiscal session of the State Legislature.

On motion of Mr. Winfree, seconded by Mr. Wright, the following resolution was unanimously adopted:

WHEREAS, by letter dated July 17, 1969, the Plaquemines Parish Commission Council did request the Louisiana Wild Life and Fisheries Commission to investigate the possibility of opening an area North of the Bird Island-Breton Island line for shrimping, and

WHEREAS, personnel of the Louisiana Wild Life and Fisheries Commission did sample and survey the specific area finding that the brown shrimp were of harvestable size, which could be taken easily without jeopardizing the white shrimp production.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby approve and declare the brown shrimp, in accordance with the provisions of Act. 60 of the 1969 Fiscal Session of the Louisiana Legislature, to be in season, only in the following described area:

Beginning at Bird Island and running north-westerly to a horizontal tank battery located in the vicinity of Battledore Reef (generally northeast of Battledore Reef and east of Little Battledore Island), then running northeasterly to the Mississippi River-Gulf Outlet Channel at a lighted, privately maintained marker known as Station "69 A" and "70 A", then down and including the Ship Channel to lighted markers Nos. "37" and "38", then southwesterly along Breton Island to Bird Island.

Chairman Jones then commended the deer committee for their progress, which was comprised of several Commission members and suggested that a shrimp committee be appointed. With all in agreement, Chairman Jones then named the committee to be Ed Kyle and Clarence Guidry. He also named the alternates for the shrimp committee to be Mr. Jerry Jones and Mr. H. Clay Wright.

Chairman Jones then recognized Mr. Richard Yancey to explain the next item on the agenda.

Mr. Yancey stated that the Louisiana Wild Life and Fisheries Commission, in 1963, approved and entered into an agreement with the Corps of Engineers, and the Bureau of Sport Fisheries and Wildlife, for the construction of a water control structure on Catahoula Lake. He further stated that upon signing this agreement of understanding, that it was agreed upon by all concerned that the Corps would construct the dam, as well as operate and maintain the structure after completion of the construction. It was also decided that the Corps would de-water the area during the month of July in order for duck food to grow and then, just before the duck season the area will

be flooded in time for the ducks to land. After the Black River rises and the gates are opened, this operation would also permit the passage of fish. Mr. Yancey continued by telling the Commission that it will be necessary for the Commission to donate 45 acres of land, located on the Saline Wildlife Management Area, for the construction of this water control structure. He suggested that the Commission first enter into the joint agreement and then later donate the land.

On motion of Mr. Kyle, seconded by Mr. Norris, the following resolution was unanimously adopted:

WHEREAS, the U. S. Corps of Engineers has under construction a water diversion canal to connect Catahoula Lake to Black River below Jonesville, and

WHEREAS, a major water control structure is to be installed in this canal by the Corps for purposes of managing water levels on Catahoula Lake for maximum benefit to fish and wildlife in accordance with a plan agreed to by the Corps the U. S. Bureau of Sport Fisheries and Wildlife and this Commission, and

WHEREAS, the Corps of Engineers will construct and maintain the water control structure with the Bureau of Sport Fisheries and Wildlife being responsible for the operation of the structure in accordance with the agreed upon water level management plan for Catahoula Lake, and

WHEREAS, the proposed water control structure site is located on lands which are now a part of the Commission owned Saline Wildlife Management Area in LaSalle Parish between highway 28 and Catahoula Lake, and

WHEREAS, the Corps of Engineers must have title to the tract of land embracing the proposed structure site, containing 44.28 acres more or less, before it can install the water control facility, and

WHEREAS, the Louisiana Department of Public Works is responsible for obtaining title to this tract for the U.S. Corps of Engineers.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby transfer title to the tract of land designated as Tract No. 400 and Tract No. 400-2, described on following page, to the Louisiana Department of Public Works for the purpose of making the land available to the U.S. Corps of Engineers as a site for the installation of the Catahoula Lake water control structure.

BE IT FURTHER RESOLVED, that the Director be authorized to sign whatever documents are necessary in the conveyance of this tract of land.

TRACT NO. 400

A tract or parcel of land lying and being situated in the SW 1/4 SW 1/4 of section 19, township 6 north, range 4 east and the SE 1/4 of section 24, township 6 north, range 3 east, LaSalle Parish, Louisiana, more particularly described as follows:

Beginning at a point located on the east boundary of the SW 1/4 SW 1/4, section 19, township 6 north, range 4 east, from which point the SE corner of said SW 1/4 SW 1/4 bears south, 181.56' distant; run thence N56°26'W, 1691.84'; thence N72°02'W, 297.30'; thence S33°34'W, 1035.00'; thence N57°06'W, 1058.85'; thence N32°54'E, 1300.00'; thence S57°06'E, 1073.85'; thence S33°34'W, 65.00'; thence S56°26'E, 1902.87' to a point on the said east boundary of the SW 1/4 SW 1/4 of section 19, run thence with said east boundary south for a distance of 144.02 feet to the point of beginning, containing 37.53 acres, more or less, of which 4.42 acres are in section 19 and 33.11 acres are in section 24.

TRACT NO. 400-2

A tract or parcel of land lying and being situated in the W1/2-NE1/4 NE 1/4 NW 1/4 of section 30, township 6 north, range 4 east, LaSalle Parish, Louisiana, more particularly described as follows:

Beginning at a point located on the north boundary of the NE1/4 NW1/4 of section 30, township 6 north, range 4 east, from which point the northwest corner of said NE 1/4 NW 1/4 bears west 273.61 feet; run thence with said north boundary east, 217.03 feet, thence S56°26'E, 2372.41 feet, thence S43°07'W, 121.69 feet, thence N56°26'W, 2533.05 feet to the point of beginning containing 6.75 acres, more or less.

Mr. Winfree then discussed the subject that the U.S. Army Corps of Engineers had at one time, promised the Commission a range of land amounting to 11,000 acres as a substitute for a donation of Commission land of equal amount, adjacent to the Saline Wildlife Management Area.

Mr. Thompson then added that since this notification of the promise of land, which occurred several years ago, the Commission had not received any further notice relative to the donation. Therefore, in view of this fact, Mr. Thompson stated that he wanted to go on record as voting against the donation of land to the Corps of Engineers or unless they would uphold their promise of the donation of 11,000 acres.

Chairman Jones then called for a vote. All members were in favor except Mr. Thompson, who was opposed.

Chairman Jones then requested Mr. Hoffpauer and Mr. Kyle to pursue the Corps of Engineers' land donation of 11,000 acres as discussed several years ago.

Mr. Yancey then continued with the next item on the agenda by telling the Commission that between this meeting date and the 12th of August the U.S. Fish and Wildlife Service planned to tighten their control on the duck season. He said that a few days after the framework for the forthcoming duck season would probably be in the mail, or by August 15th. Mr. Yancey gave the biological recommendations

which was compiled by Commission personnel from the various data collected during the year and also from their inspection trip to the Canadian breeding grounds.

On motion of Mr. Wright, seconded by Mr. Kyle, the following resolution was unanimously adopted:

BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby recommend to the U.S. Department of the Interior, Bureau of Sport Fisheries and Wildlife, the following framework:

DUCK: 45 days between October 15, 1969, and January 15, 1970. Basic bag limit of six (6) ducks and possession of 12, to concede restrictions on mallards, wood ducks, canvasbacks and red heads as deemed necessary by Federal Bureau. It is also recommended that the ten (10) percent penalty in shooting days imposed for splitting the duck season be eliminated from the Federal regulations.

COOT: Recommended to run concurrent with the duck season, with the daily bag limit of ten (10) and a possession of twenty (20).

GEESE: 70 day split season, between November 1st, 1969 and February 15th, 1970.

Basic bag limit of five (5) for blue and snoe, with a possession of ten(10).

Daily bag of two (2) for white fronted geese with a possession of four (4).

BE IT FURTHER RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby recommend a bonus of two (2) scaup to be allowed during the regular duck season in the same area as described in the 1967-68 regulations.

BE IT ALSO FURTHER RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby recommend that the shooting hours for all water fowl during the regular season be from one-half hour before sunrise to sunset.

Chairman Jones then commended Mr. Yancey, Larry Soileau, Hugh Bateman and the Louisiana Congressional delegation for their excellent work in assisting the Louisiana sportsmen to obtain a better waterfowl season.

Chairman Jones then recognized Mr. Joe Herring for the next item on the agenda.

Mr. Herring told the Commission that a final inspection had been made of the Saline Wildlife Management Area camping facilities. It was then certified by the Commis-

sion personnel that the first phase of a three phase operation to complete the camping site had been finalized and met all requirements as set forth in the specifications of the contract. Therefore, Mr. Herring recommended Commission acceptance of the job.

On motion of Mr. Norris, seconded by Mr. Kyle, the following resolution was unanimously adopted:

WHEREAS, the Louisiana Wild Life and Fisheries Commission did establish a three phase plan of constructions for the construction of camping facilities on the Saline Wildlife Management Area, and

WHEREAS, the Louisiana Division of Administration did advertise for bids on the aforementioned construction for which Edgar M. Williams was awarded the contract, and

WHEREAS, said contractor has completed the job which was inspected and certified as being completed in accordance with the specifications and qualifications.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby accept the contract with Edgar M. Williams, Contractor; under purchase Requisition No. 1341, Purchase Order No. 89467, dated June 28, 1968 and instruct that final payment be made.

Mr. Herring then told the Commission that the Calcasieu Parish School Board lease agreement forms were for-

warded to the Commission for renewal. This lease makes available to the Commission an additional acreage, which would make the Sabine Wildlife Management Area consist of approximately 9,700 acres. Mr. Herring then suggested that the Commission renew the aforementioned lease and include the additional acreage.

On motion of Mr. Kyle, seconded by Mr. Wright, the following resolution was unanimously adopted:

WHEREAS, in the past the Louisiana Wild Life and Fisheries Commission did enter into a lease agreement with the Calcasieu Parish School Board for a certain parcel of land consisting of approximately 8,500 acres, more or less, and

WHEREAS, said 8,500 acres of land is presently known as the Sabine Wildlife Management Area, and

WHEREAS, aforementioned lease agreement will soon expire and the Calcasieu Parish School Board has given notification of Approval to renew said lease with the inclusion of an additional 1,200 acres in the lease to be renewed.

THEREFORE, BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby agree and approve to enter into a lease agreement with the Calcieu Parish School Board for the continued use of a certain tract of land known as the Sabine Island Wildlife Management Area and

a new additional acreage, making the total acreage involved to be 9,700 acres, more or less, located in Calcasieu Parish.

Mr. Herring then announced that the next item to be considered is the 1969-70 Hunting Season recommendations. He then read the biological recommendations as compiled by Commission personnel of the Fish and Game Division.

On motion of Mr. Wright, seconded by Mr. Kyle, the following resolution was unanimously adopted:

BE IT RESOLVED BY the Louisiana Wild Life and Fisheries Commission that the following seasons be set for the 1969-70 Louisiana Resident Game Species:

QUAIL: Nov, 27 - Feb. 28, 1970, Daily Bag Limit 10, Possession 20.

RABBIT: Oct. 4 - Feb. 15, 1970; Daily Bag Limit 8, Possession 16.

SQUIRREL: Oct. 4 - Jan. 10, 1970; Daily Bag Limit 8, Possession 16.

BEAR: Closed.

DEER: One Per day, 5 per season.

TURKEY: March 28 - April 19; Daily Bag Limit 1, Gobblers Only; Season Limit 2.

ARCHERY SEASON: Oct. 4 - Jan. 11, 1970.

There was considerable discussion relative to the dates of the rabbit season. Mr. Clyde D. Smith, Chairman of the Council of Sportsmen's Club of Greater New Orleans, requested

the rabbit season to be extended to a later date, possibly February 28th.

Mr. Herring then stated that last year the date for closing the season was February 16th. He continued by telling that if the season is any longer, many of the pregnant rabbits will be shot at that time.

Mr. Winfree then made a motion to the effect of having the rabbit season closing date on February 28th, rather than February 15th as prescribed by the biologists. The Commission considered Mr. Winfree's motion and Chairman Jones called for a vote. Since Mr. Winfree's motion was not seconded, the motion died.

On motion of Mr. Winfree, seconded by Mr. Kyle, the following resolution was unanimously adopted:

• BE IT RESOLVED, that the Louisiana Wild Life and Fisheries Commission does hereby declare the following 1970 Turkey Schedule:

Daily limit one gobbler. Season Limit two gobblers. Still hunting only. The use of dogs, baiting or rifles in taking or attempting to take turkeys is illegal. The shooting of turkeys from moving or stationary vehicles of any type is prohibited.

Turkey season open only in the following areas:

AREA A - Portions of Union and Morehouse Parishes. East of La. Hwy. 549 from Arkansas line to La. Hwy. 348 at Conway; North of La. Hwys. 348 and 33 from Conway to Marion; East and North of Louisiana Hwys. 143 and 2 from Marion to Linville, South of La. Hwy. 828 from Linville to Bayou DeLoutre, East of Bayou DeLoutre from La. Hwy. 828 to La. Hwy. 2, North of La. Hwy. 2 from Bayou DeLoutre to La. Hwy. 143, thence East and North of La. Hwys. 143 and 2 to Sterlington to junction of U.S. Hwy. 165; thence west and North of La. Hwy. 2 and U.S. Hwy. 165 to junction of La. Hwy 139 at Bastrop; west of La. Hwys. 139 and 140 from Bastrop to Bonita; West of U.S. Hwy. 165 from Bonita to Arkansas line; EXCEPT the Union Parish Wildlife Management Area. See Wildlife Management Area Schedule for Georgia-Pacific Wildlife Management Area.

AREA B - Portions of Madison, Franklin, Catahoula, Concordia and Tensas Parishes. South of U. S. Hwy. 80 from the Mississippi River to La. Hwy. 17 East of La. Hwys. 17 and 15 from Delhi to Winnsboro to Clayton; and West of U.S. Hwy. 65 from Clayton to Tallulah.

AREA C - All or portions of East Feliciana, East Baton Rouge, Livingston, St. Helena, and Tangipahoa Parishes. East of Thompson's Creek from the Mississippi State line to La. Hwy. 10, North of La. Hwy. 10 from La. Hwy. 421 to La. Hwy. 955

East of La. Hwy. 955 from La. Hwy. 10 to La. Hwy. 412, North of La. Hwy. 412 from La. Hwy. 955 to La. Hwy. 67 at Olive Branch. East Of La. Hwy 67 from La. Hwy. 412 to the junction of U. S. Hwy. 190 at Baton Rouge; North of U. S. Hwy. 190 from La. Hwy 67 to the Amite River; East of Amite River from U. S. Hwy. 190 to Lake Maurepas; North of Lake Maurepas from Amite River to U.S. Hwy. 51; and West of U.S. Hwy. 51 from Lake Maurepas to the Mississippi State line.

AREA D - Portions of Washington and St. Tammany Parishes. East of La. Hwy 25 from the Mississippi State line to Covington; East and North of U. S. Hwy. 190 from Covington to the junction of U.S. Hwy-90; and North of U. S. Hwy. 90 from the junction with U.S. Hwy. 190 to the Mississippi State line.

AREA E - Within Pointe Coupee Parish, bounded on the North by La. Hwy. 1 and the North Morganza Floodway Levee; on the South by U. S. Hwy. 190; on the East by the East Atchafalaya Basin protection levee and on the West by the Atchafalaya River.

It shall be unlawful to use or to possess within any wildlife management area a rifle larger than 22 caliber or shells for shotguns containing slugs or shot larger than number 4, EXCEPT when area is open for deer or turkey hunting. It is unlawful to hunt turkey with rifles at

any time.

On motion by Mr. Kyle, seconded by Mr. Norris the following resolution was made.

BE IT RESOLVED that the Louisiana Wild Life and Fisheries Commission does hereby declare the following 1969-70 Deer Hunting Schedule:

A. Bag: One (1) legal deer per day; five (5) legal deer per season.

B. Legal buck is defined as a deer with antlers not less than three inches in length. The killing of bucks with antlers less than three inches, and doe deer is prohibited except where specifically permitted.

C. Deer hunting restricted to legal bucks, only, except where otherwise specifically permitted.

D. Either sex deer, or any deer, is defined as any male or female deer, except spotted fawns which are protected, taken in any area designated and regulated as such.

E. Still Hunting only prohibits the use of dogs for hunting for the training of dogs in areas so designated, including wildlife management or refuge area.

F. All areas not specifically designated as being open are hereby closed.

G. Archery Season; Still Hunting only; October 4-January 11, inclusive. Either sex deer may be taken in all areas declared open for deer hunting, including wild

life management areas. Anywhere a bucks only season is in progress for gun hunting, archery hunters are required to conform to the bucks only regulations, including wildlife management areas. Archery season restricted on the Zemmurray Park, Red Dirt, Pointe-au-Chien, and Salvadore Wildlife Management areas. For details, see provisions under wildlife management area schedule. Special bow and arrow regulations: Arrows used for hunting deer shall have well sharpened metal broadhead blades not less than 7/8 inch in width.

The following shall be unlawful:

1. To have in possession any gun while hunting with bow and arrow during the special bow and arrow deer season.
2. To have in possession or under control while hunting, any poisoned arrows, arrows with explosive tips, or any bow drawn, held or released by mechanical means.
3. To hunt deer with a bow having a pull less than 30 pounds.
- H. All deer or parts thereof shall be tagged as provided by law.

23 days with or without dogs	November 22 - December 14
17 days with or without dogs	December 26 - January 11

AREA 1 40 Days

.All or portions of Richland, *Madison, *Franklin,

WMA on the west, and that portion between the Thistleth-
waite WMA and La. Hwy. 103 on the south.

On motion of Mr. Kyle, seconded by Mr. Wright, the
following resolution was made.

BE IT RESOLVED that the Louisiana Wildlife and Fish-
eries Commission does hereby declare the following 1969-70
Wildlife Management Areas Schedule:

DEER: All deer seasons are for legal buck deer only unless otherwise specified.

DAILY PERMITS: When daily permits are required they may be obtained at the permit stations located on or near the wildlife management areas.

SEASON PERMITS: The basic resident hunting license will serve as a season permit on wildlife management areas during the 1969-70 season. No season permit required of persons under 16 or over 60 years of age, or non residents.

ADDITIONAL INFORMATION, including maps, on wildlife management areas may be obtained by writing any Commission District Office; P. O. Box 915, Minden; 71055, P. O. Box 4004, Ouachita Station, Monroe, 71201; P. O. Box 278, Tioga, 71477; P. O. Box 426 Ferriday, 71334; 1213 N. Lakeshore Drive, Lake Charles, 70601; P. O. Box 593, Opelousas, 70570; P. O. Box 14526, Southeast Station, Baton Rouge, 70804; 400 Royal Street, New Orleans, 70130.

The use of dogs is prohibited except for bird hunting and duck hunting. Recognizable breeds of bird dogs and retrievers only permitted in quail and migratory bird hunting. On those areas having the experimental rabbit season, beagle hounds only are to be used. The beagle hounds must not exceed 15 inches in height at front shoulder and must have recognizable characteristics of the breed. Dogs on all wildlife management areas prohibited unless otherwise

specified.

All deer killed on wildlife management areas where daily permits are required must be checked out at a deer weighing station. Permanent duck blinds, construction of tree stands and the use of tree climbing spurs prohibited. All lands within the boundaries of wildlife management areas. No firearms permitted on wildlife management areas during closed season.

The use of organized drivers and standers in which drivers make noises by shouting, whistling, discharging firecrackers, striking objects together, using whistles, horns or other noise making devices; or the use of vehicles or horses, in taking or attempting to take deer on any wildlife management area is prohibited.

Archery: Hunting of Deer with bow and arrow permitted each Saturday and Sunday (Weekends) Beginning October 18, and ending November 9. Daily permit.

Chairman Jones then exclaimed to the Commission of the many compliments and comments received on the new color issues of the LOUISIANA CONSERVATIONIST. He further stated that it is hard to believe that the quality of this publication can be printed for the same cost as the previous issues. The Commission joined the Chairman in commending the Director for this excellent job.

Chairman Jones asked if there was any other business to come before the Commission. There being no other business to come before the Commission. There being no other business to discuss, on motion of Mr. Thompson, seconded by Mr. Winfree, the meeting was adjourned.

LOUISIANA WILD LIFE & FISHERIES COMMISSION

CLARK M. HOFFPAUER
Director
